The Warrior

**Pontotoc High School
Pontotoc Mississippi
Volume XVIII**

For thousands of years the torch put forth a brilliance into the gloom of the lives of man. Flickering shafts of light have driven back the shadows of darkness, put fear into the hearts of fierce beasts while establishing a glowing warmth of confidence and well being in all who stood within its protective circle of luminescence, and guided through danger concealing obscurity all those who sought the pathways to other things and other places. Thus shall the Torch of Knowledge shed its blinding lances of learning into the murky abyss of each of the minds of all who shall come forth to stand and be bathed in its enkindled glow, and for all generations shall that glow endure, brighten, and illuminate a far greater number of the amassed millions seeking knowledge, so that they might arise from the depths of their degradation.

This torch-base immovable, shaft unbreakable, flame undying, light unquenchable shall remain a symbol everlasting.

Board of Education Determines School Policy

School Board members - Mr. A. A. Donaldson, Mr. J. D. Doty, Mr. R. M. McCord, Mr. David Naugher, Mr. Quitman Pound, and Mr. Edd Connor, Superintendent..

The board is one of the major parts of our torch of knowledge as is evident by the fine plant and equipment we have in the Pontotoc Public School System. The men chosen for the positions are distinguished leaders of our community. They work diligently to provide us with superiority in education. The board brings merit to our school.

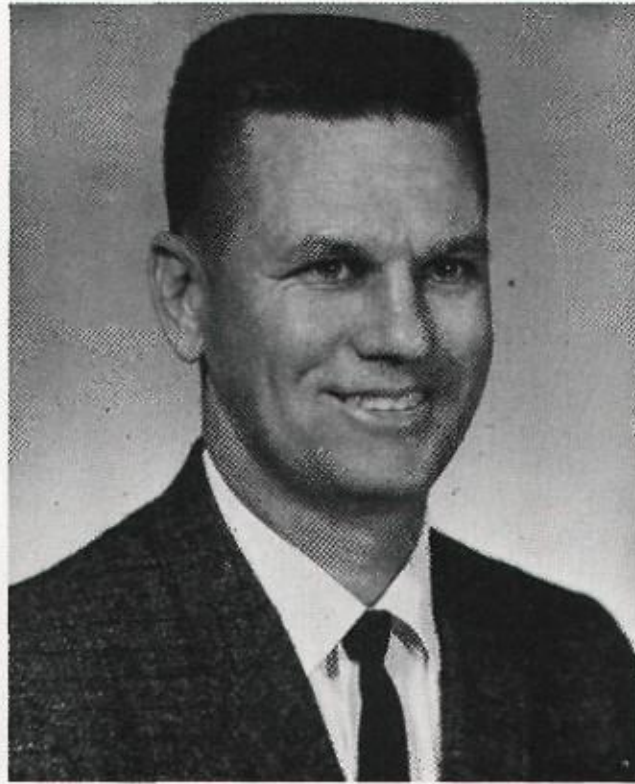

In the halls of Pontotoc High School this year students are seeing a new face. This is the face of Mr. Edd Connor, Superintendent of the Pontotoc Public Schools. Although he is a very busy man, acting as liaison between the school board and the citizens, the citizens and the teachers and pupils, and chief executive of the city schools has a great responsibility and duties in his job of charting a progressive educational course for our schools. Mr. Connor is always interested in our welfare and always has time to extend a friendly hand to faculty, students, and visitors alike. With Mr. Connor's guidance we are being led, not only in the ways of learning, but also in citizenship and practical experience-----all valuable parts of our education. He has helped us in our extracurricular activities and helps keep our school system operating smoothly and efficiently.

Student Council Participates in Exchange Program

The Student Council is the bond between the students and the faculty. The general purpose of the Student Council is to improve the welfare of the student body.

This year the Student Council participated in the exchange program in the Little Ten Schools. Members visited in the other schools in the Little Ten, and gained new ideas to bring back to P. H. S.

The officers this year are:

President - Gene Owen

Vice-President - Steve Jones

Secretary - Diane Guyton

Treasurer - Rita Crawford

The new members of the Beta Club, a national achievements-service organization, are challenged to promote honesty, service, and leadership as they are pinned by the old members.

QUILL & SCROLL

The club has a constitution which states that members must be chosen from the students enrolled in high school at the time of their election and they must meet the following requirements: (1) They must be of at least junior standings. (2) They must be in the upper third of their class. (3) They must have done creative work in some phase of journalistic endeavor. (4) They must be approved by the executive secretary of the Quill and Scroll.

The purpose of the club is to encourage and reward individual achievement in journalism and allied fields. The Society takes an active part in raising standards in its field and in directing the course of high school journalism.

Pow-Wow Staff Works Diligently to Produce Outstanding Papers

Warrior Staff members work long and hard in preparing the yearbook. The "book of memories" is a representation of many ideas and much skill.

Proofing copy, drawing layouts, and cropping pictures are some of the necessary steps in compiling a yearbook. Imagination, perseverance, and diligence are some of the best traits used in describing a member of the Warrior staff.

Songs Fill the Air as Glee Club Drills for Concerts —

The Glee Club members, under the capable direction of Mrs. Gale Temple, stand straight and tall as they present their selections for the P. T. A. The songsters bound together by their mutual love for music, provide compositions of serious, religious, and semi-classical nature for their listeners.

They presented a Christmas program in assembly, and went to the District Choral Festival in Tupelo and the State Choral Festival in Jackson.

The members of the girls sextet received a superior rating in the district contest and also competed in state competition.

They are to be commended for the excellent programs presented this year.

Under the guidance of Mr. Donald Mallard, the members of the F. F. A. have built many useful items for the school.

This organization is built on the foundation of leadership, character, development, sportsmanship, service, improved agriculture, citizenship, and patriotism. Its purposes are: "Learning to do, doing to learn, earning to live, and living to serve."

Many hours are spent in learning modern techniques of vocations and methods to improve agricultural products.

Crescendo Club

The Junior Music Clubs of Pontotoc meet each month to perform types of music ranging from folk to classical to modern musical numbers.

The clubs are sponsored by the Pontotoc Music Club and are members of the National Federated Music Clubs.

Members attend the District Piano Festival and the State Convention of Music Club.

The theme of the club is "make America truly musical". For a well rounded life one must have music is the motto of these talented musicians.

Students Learn to Drive Carefully —

Scientific Interests Arouse Many Students

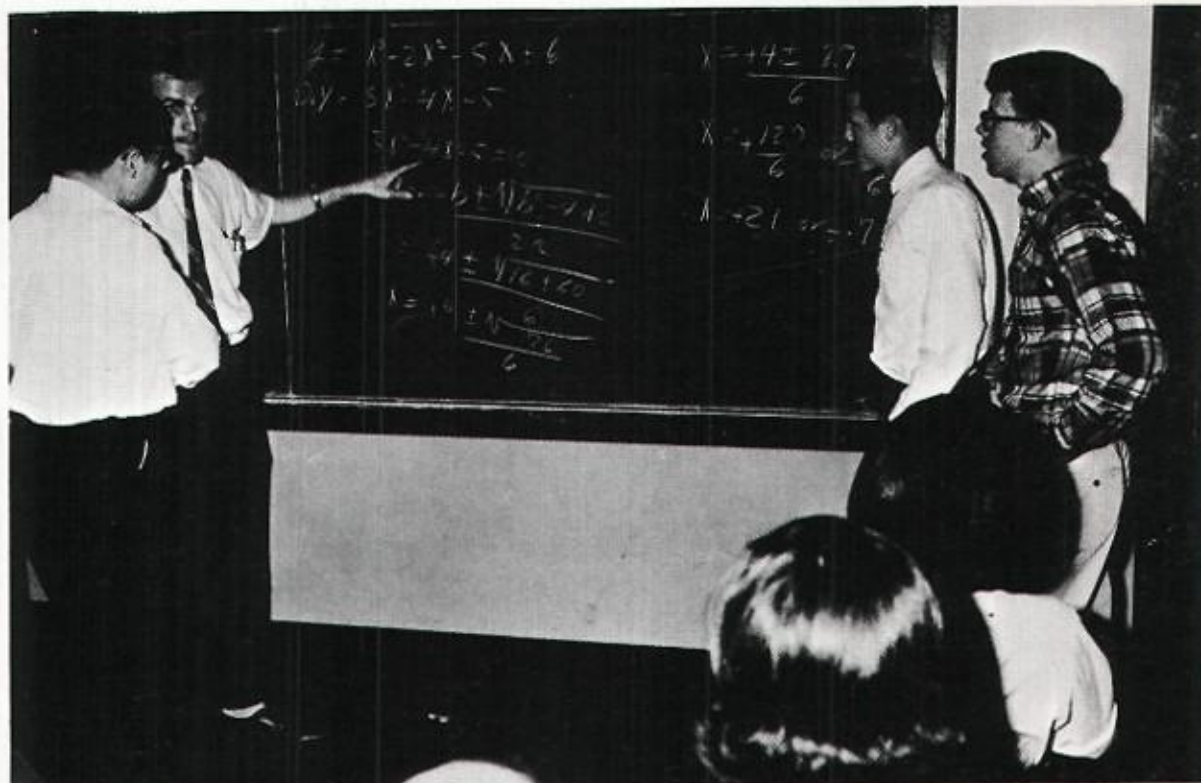

General Science, Biology, and Physics are presented to the students as a choice in the search for revealing material on this fascinating world. Study of one-cell animals, different kinds of rocks, types of radios, the rotation of wheels, and much more advanced methods of science are the problems studied by the P. H. S. scientists.

Mrs. E. A. Sneed instructs students with a problem involving the properties of matter.

Mathematics Challenges Students to Develop Logical Conclusions to Complicated Problems

General math, Algebra I, II, Geometry, Advanced Math, and Trig are among the courses found in many students daily schedules. Although only two of these are required for graduation many students have a credit in each of the subjects.

This year courses in Modern Algebra and Geometry were taught for the first time.

Mr. John McMillan explains the steps in a trig problem to Jack Page, Tom Rackley, and Neal Roy.

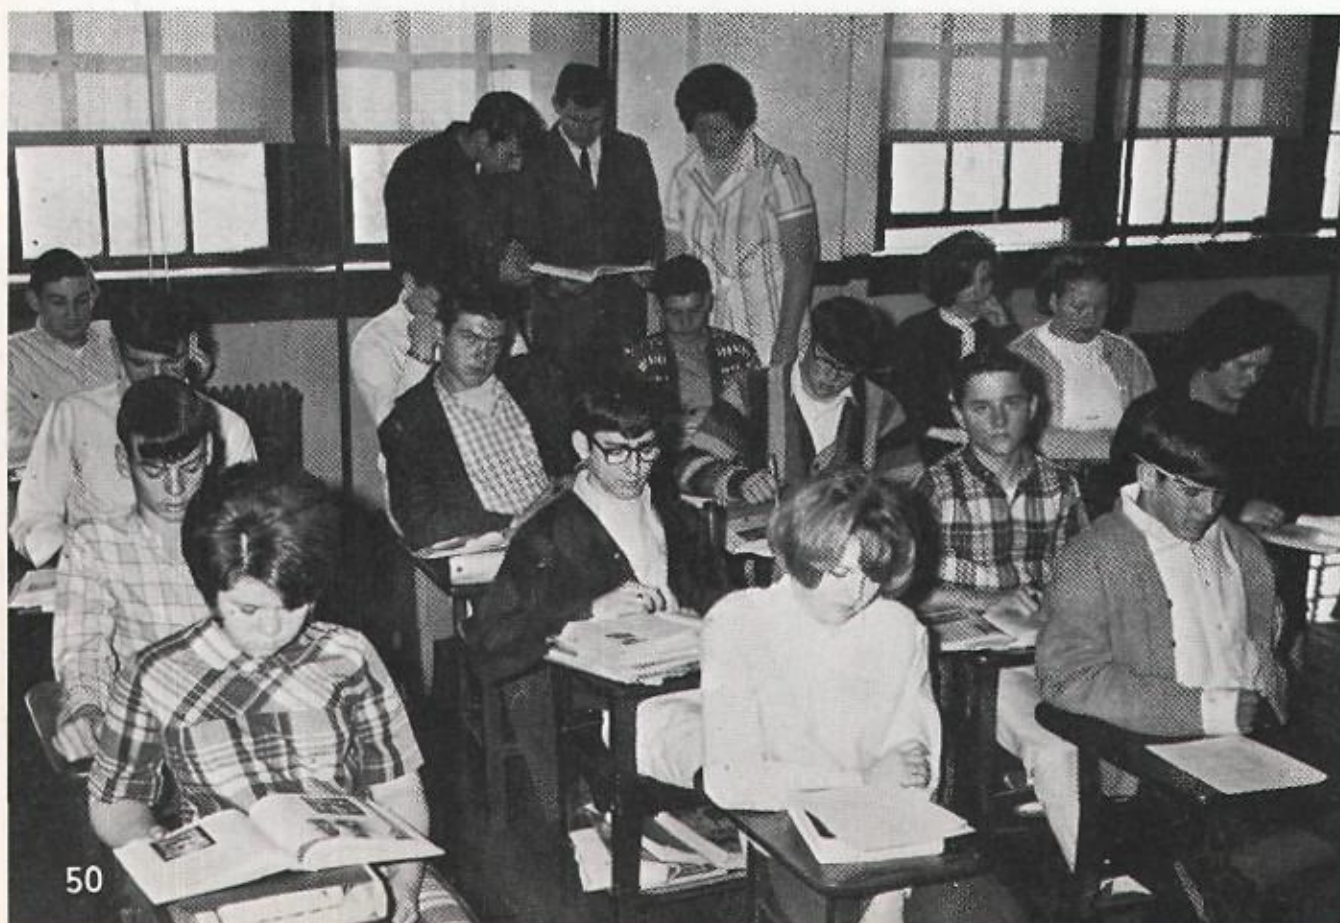

English Provides Basis for Academic Success.

Mrs. Ferrell Berryhill lectures to her English class on the prime characteristics of the short story and the novel.

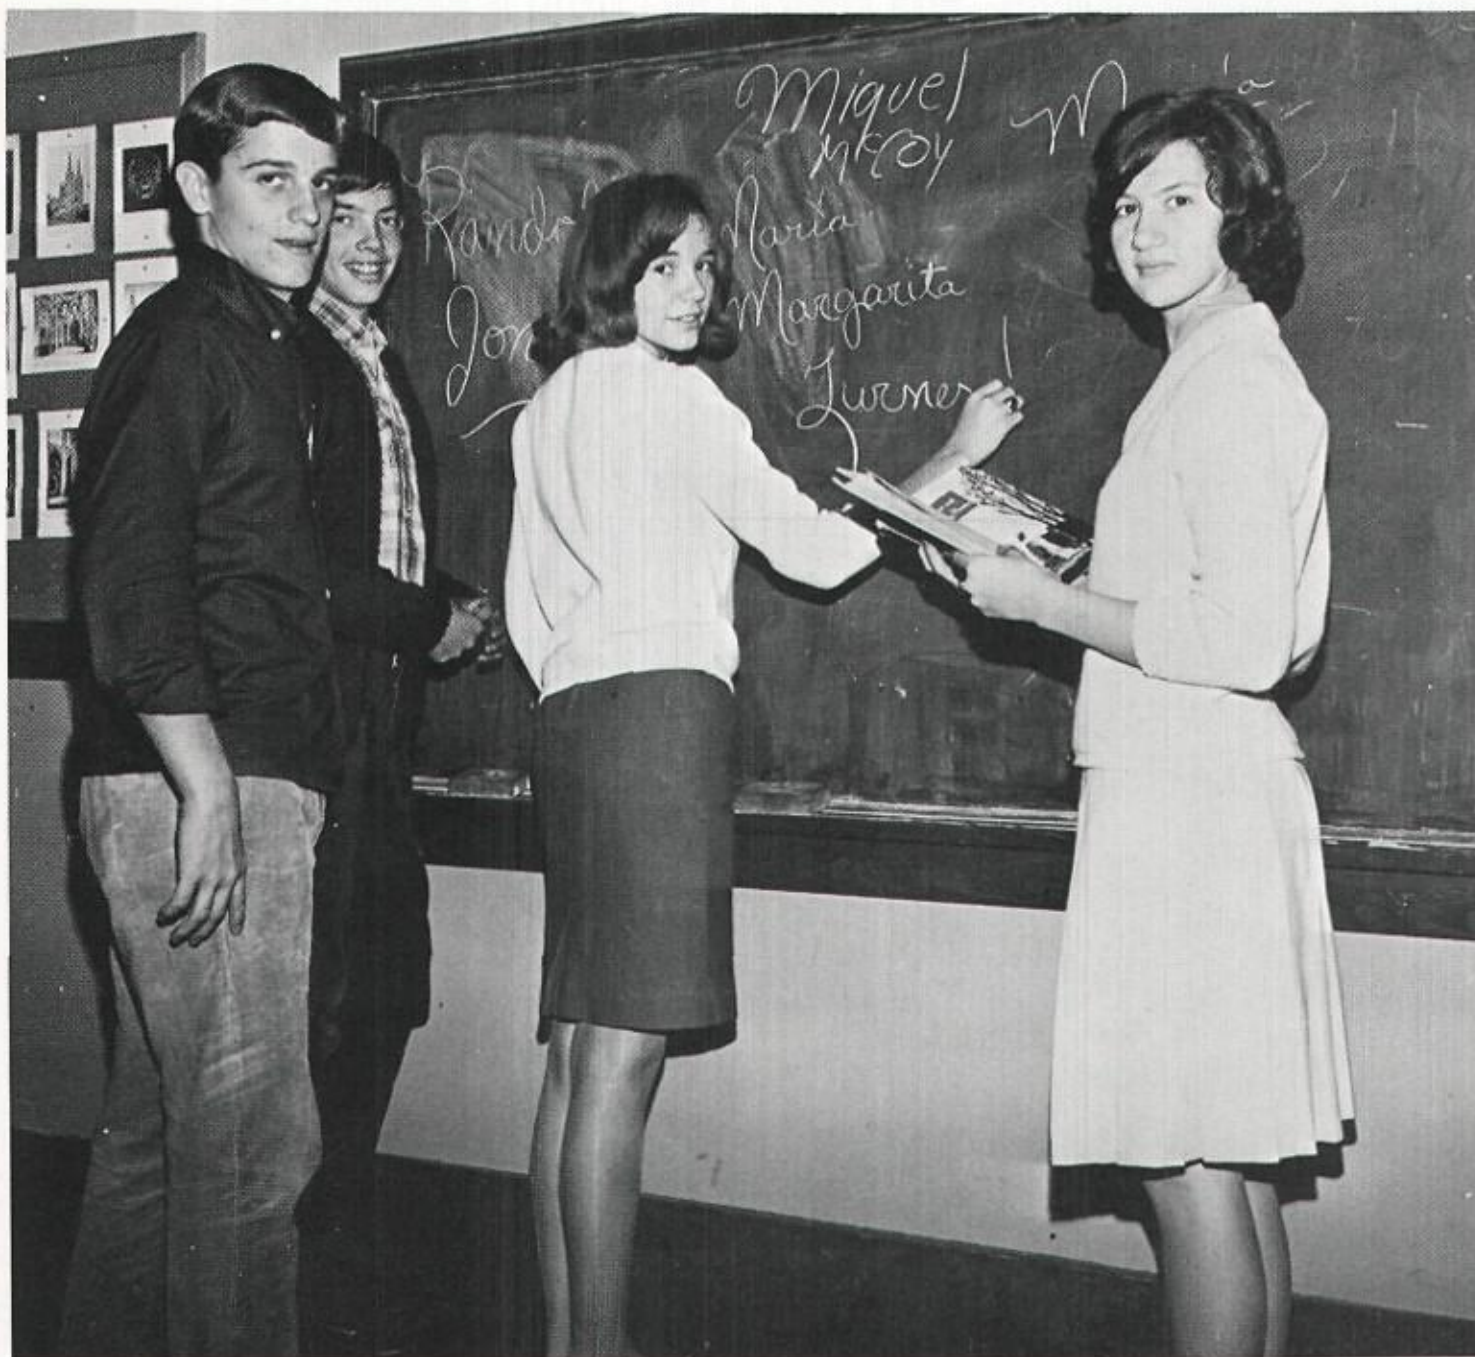

Social Studies Reveal Key to Problems in the Past, Present, and Future

Mr. Wayne Jackson discusses some of the problems of Communists and their world with several Senior Sociology students.

Mr. Jimmy Wise helps students with the problems in Civics and Mississippi History. Discussions are often held on the first settlers of Mississippi and the difficulties which they faced. Learning about the process of government in this state is also done in the study of civics.

Study of Foreign Languages Vital in Curriculum

First year Spanish students learn to write their names in Spanish.

Bible Study Is Enriching Factor in Many a Student's Course of Study —

Bible is a voluntary course of study taught to all interested students. Explanations of the scriptures, guides for better daily living, and effective solutions to the problems of today's youth are just a few of the subjects discussed by young scholars of the Bible.

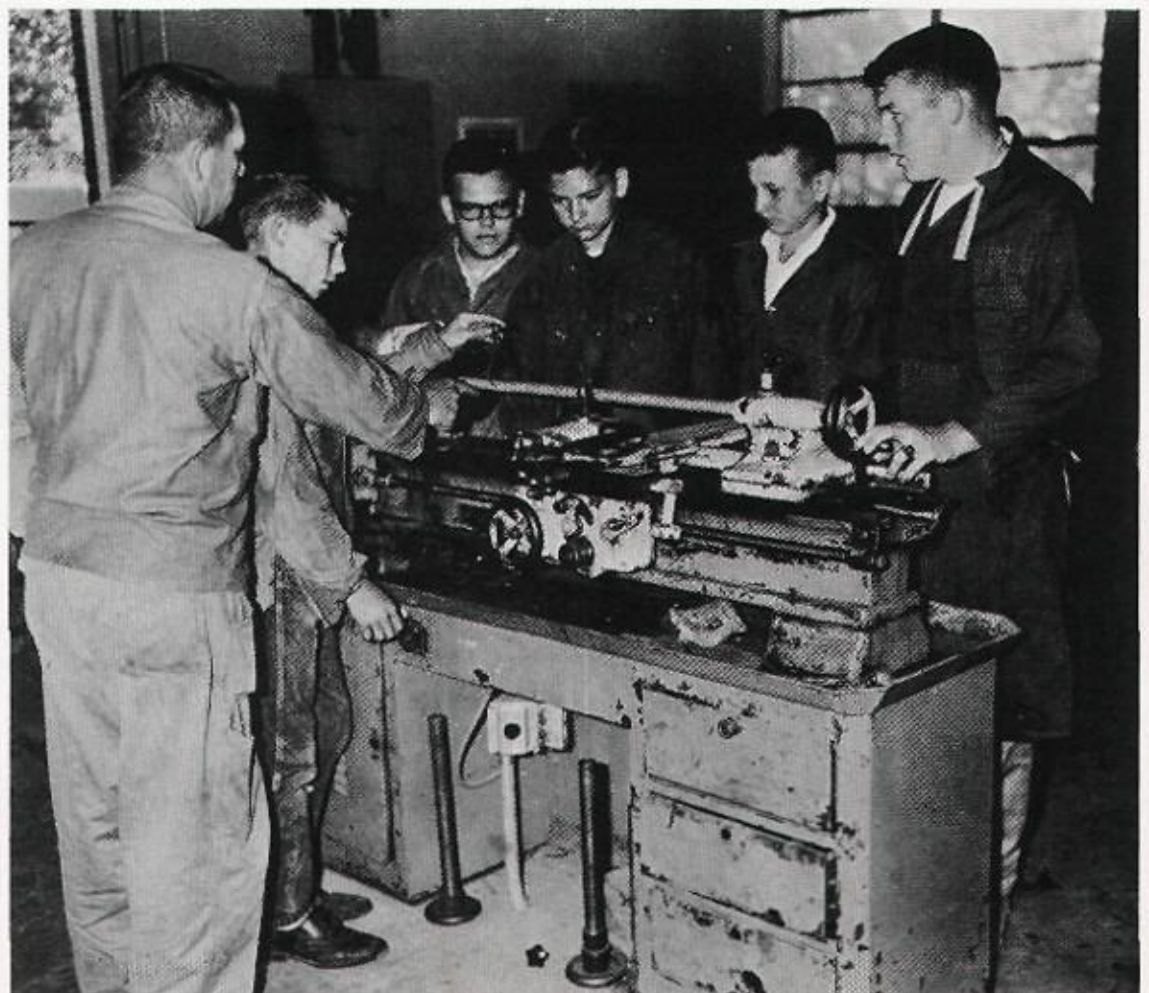

Miss Mary Faith Phillips discusses the theme "COME UNTO ME" with Bible Class.

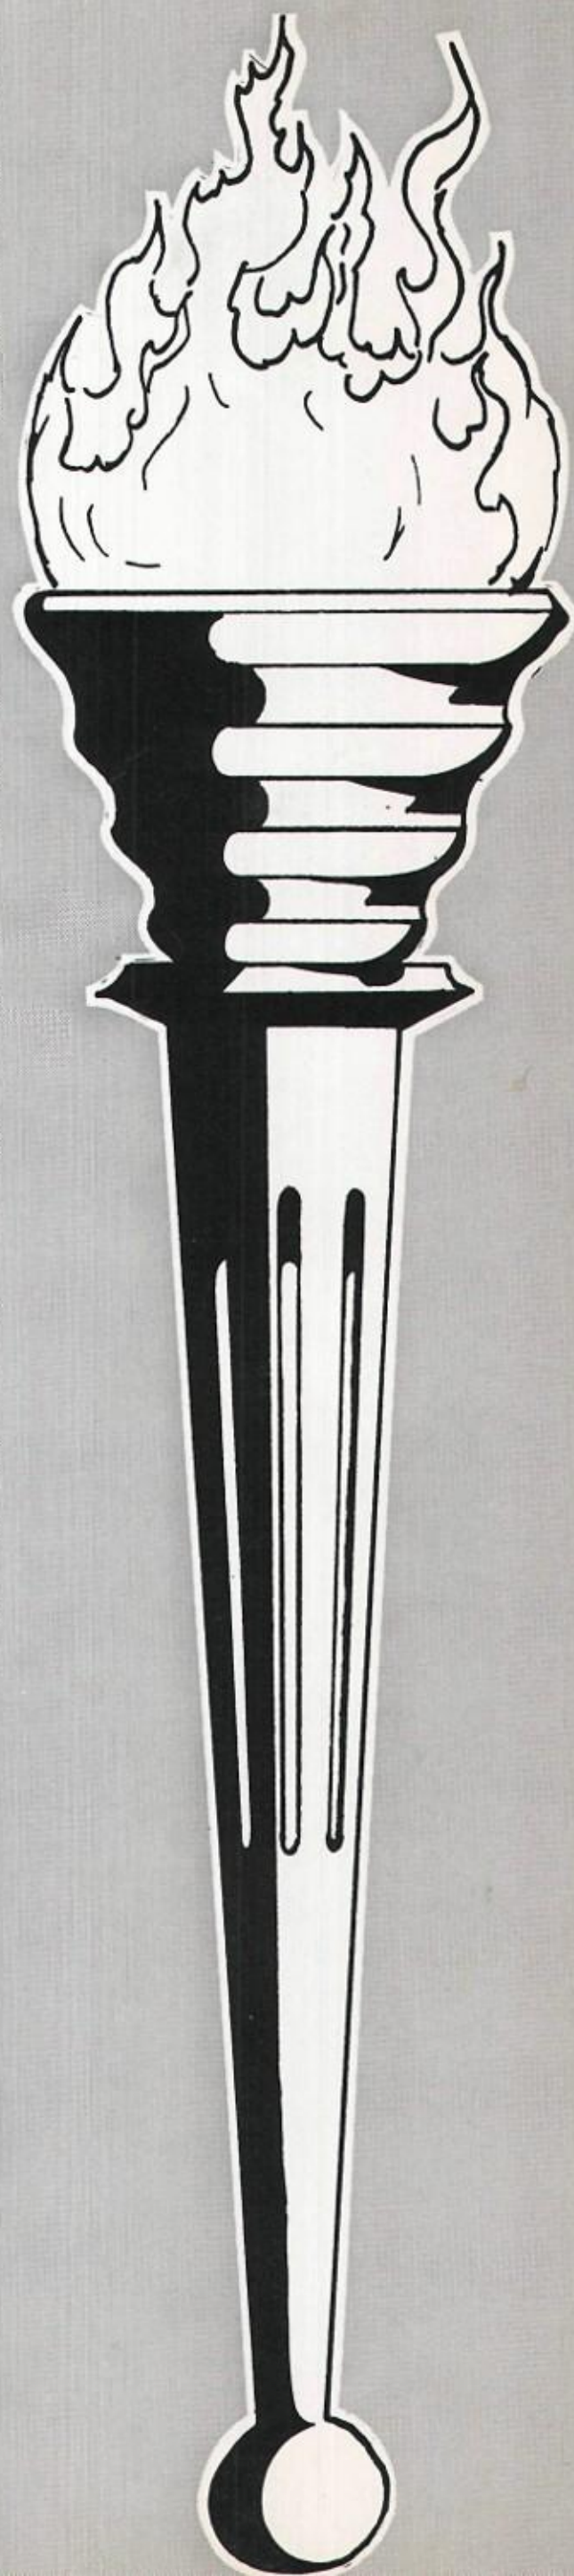

These girls are learning the correct operation of the sewing machine, and the right method to cut out a pattern.

Learning to cook and sew are important in the life of a modern homemaker of today and tomorrow. In the Home-making classes students are taught many useful ideas on preparing meals, the correct manner in which to set a table, and many other ideas of etiquette. A study of the correct manners in all situations is also made.

Agriculture and better methods of producing along with the method best used for many mechanical processes are explained in the course of Agriculture. The boys in the shop with the guidance of Mr. Don Mallard serve the school in many useful ways throughout the year by building the float for the Christmas Parade, helping with the scenery for the plays, and being willing to help with any problem that arises.

With the returning seniors and the promising underclassmen, the Fighting Warrior "nine" hoisted their bats to their shoulders, and took to the field at the sound of "play ball." Then the crack of the bat, a sliding Warrior, and inspired fans became as much of Warrior baseball as clogged cleats, sweaty brows, and dusty uniforms were to all baseball.

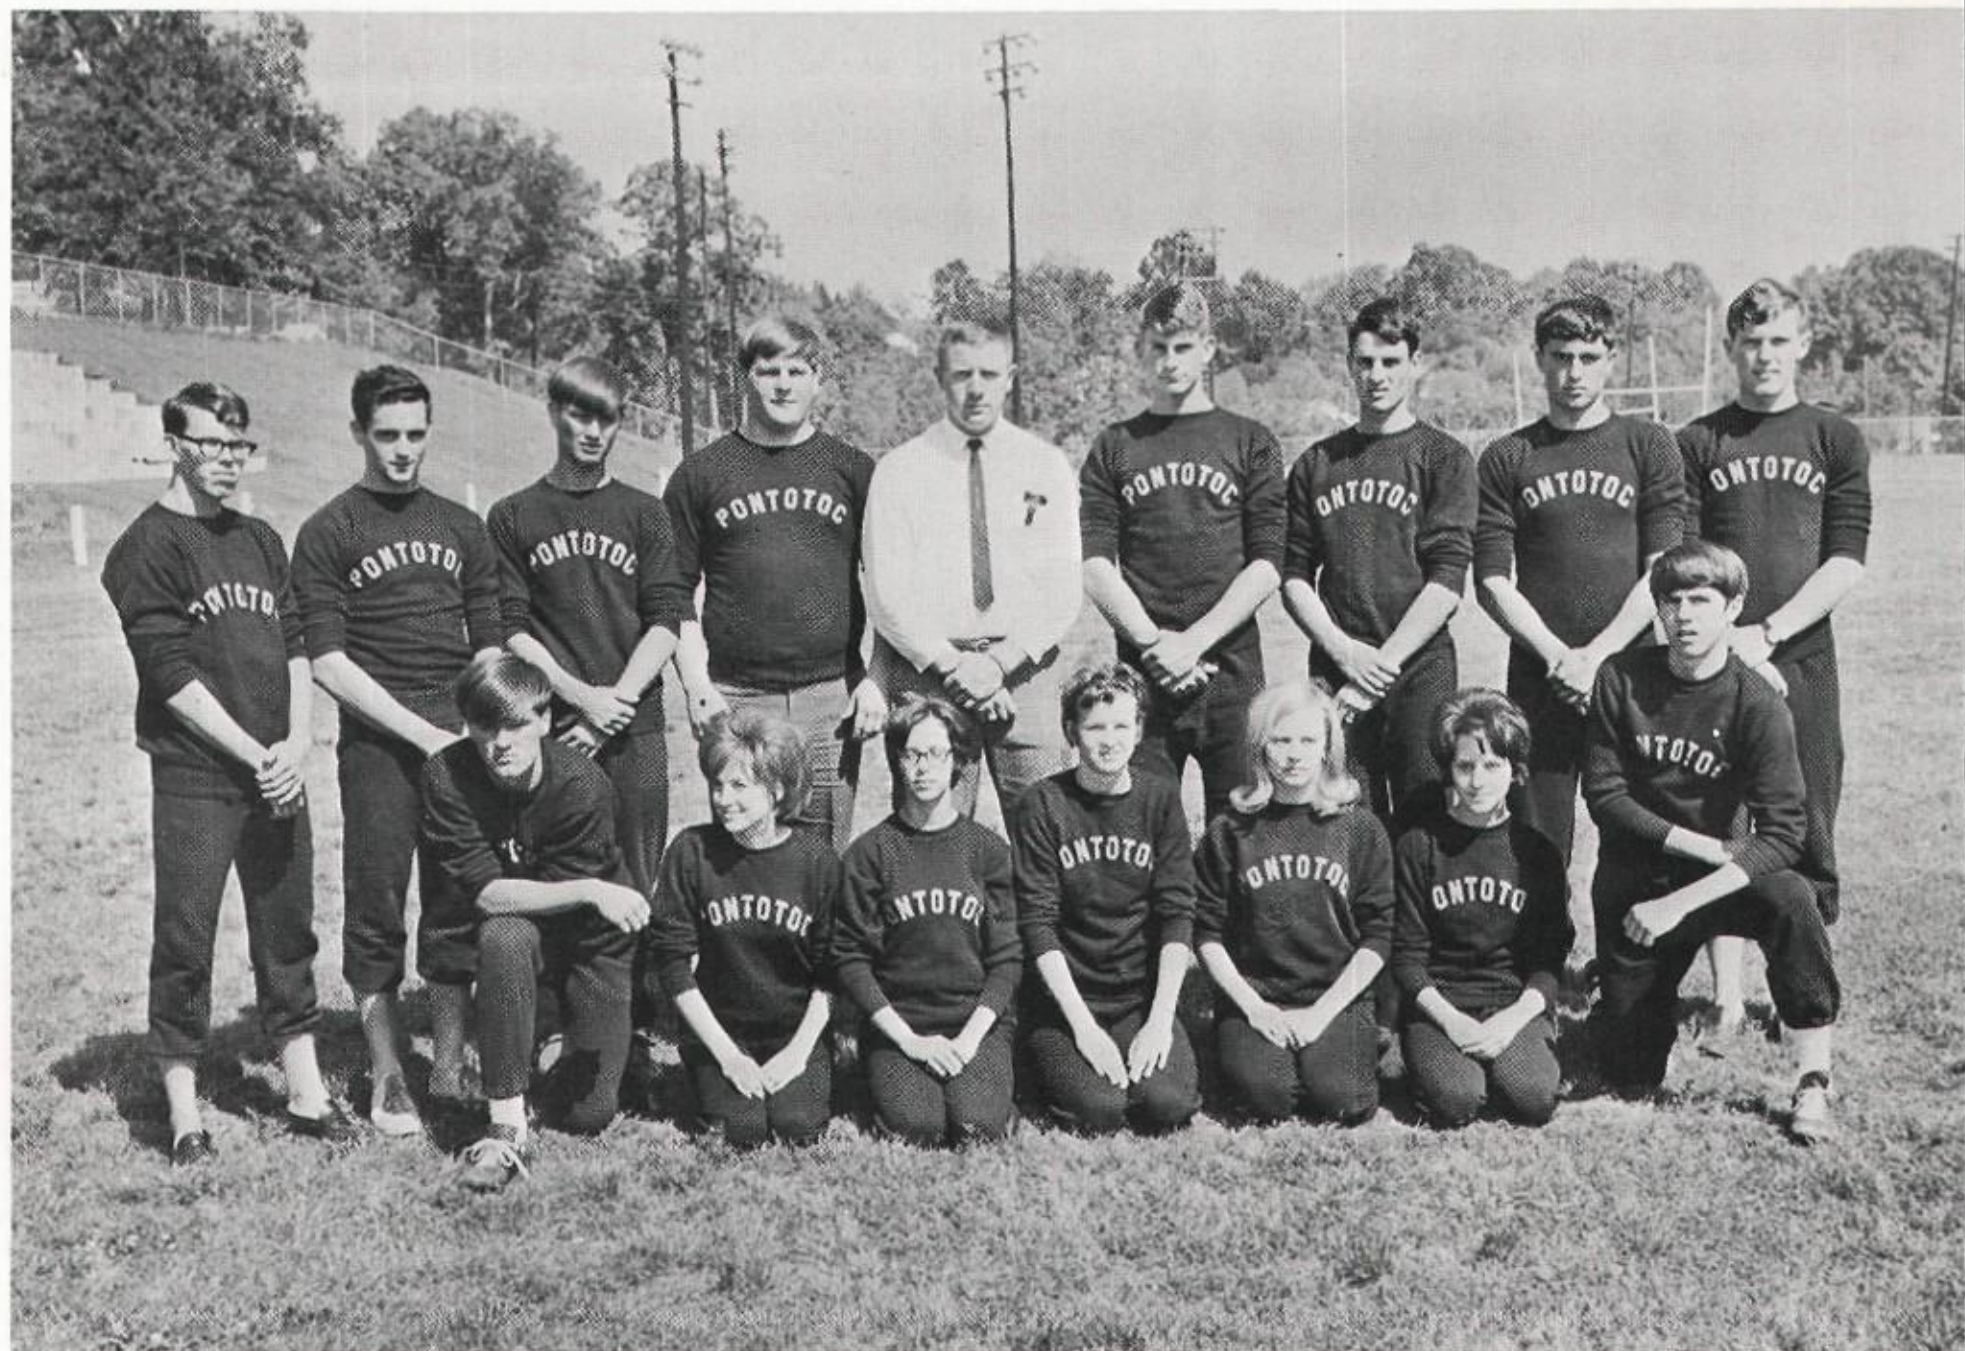

The diamondmen hustled, worked hard, and came out with booming batting averages and a successful season once again this year.

The Fighting Warriors showed the Warrior toughness and sportsmanship in their defeats as well as their victories that is characteristic of all Warrior athletics.

PHS Athletes Have

Coach Gene Turner was the coach of this year's track team.

Track season was a time of great excitement. The previous years' experience strengthened the team and brought glory to Pontotoc High.

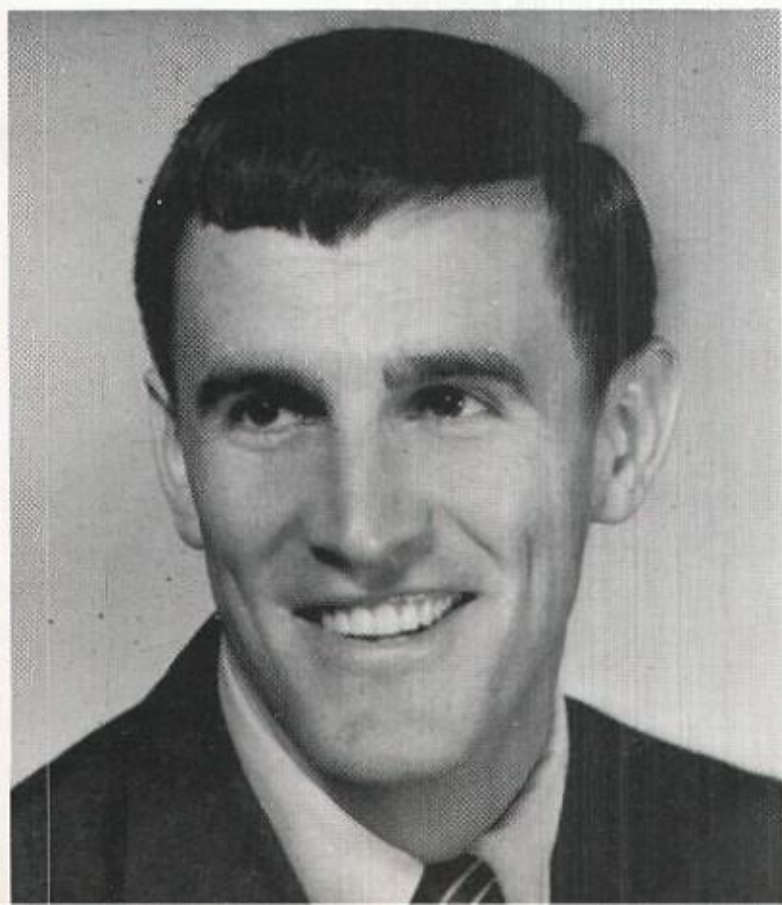

Much credit is due the tracksters themselves, and certainly much of the credit should go to the coach.

TENNIS TEAM-FRONT ROW: Steve Akins, Kenneth Prewitt, Steve Davis, Bill Guyton, SECOND ROW: Millicent Shannon, Pam Pitts, Mr. John McMillin, Sherrie Weatherly, and Linda Kenney.

Successful Season

Mr. John McMillin - Tennis Instructor

The PHS Tennis Team of 1966 worked hard and practiced many hours to reach their goals.

The entire team placed second overall at the Little Ten Tennis Tournament at Oxford.

Millicent Shannon and Pam Pitts placed second in the girls' doubles. The second place in girls' singles was captured by Sherrie Weatherly.

The team competed with other teams at New Albany, Tupelo, Aberdeen, West Point, and Houston.

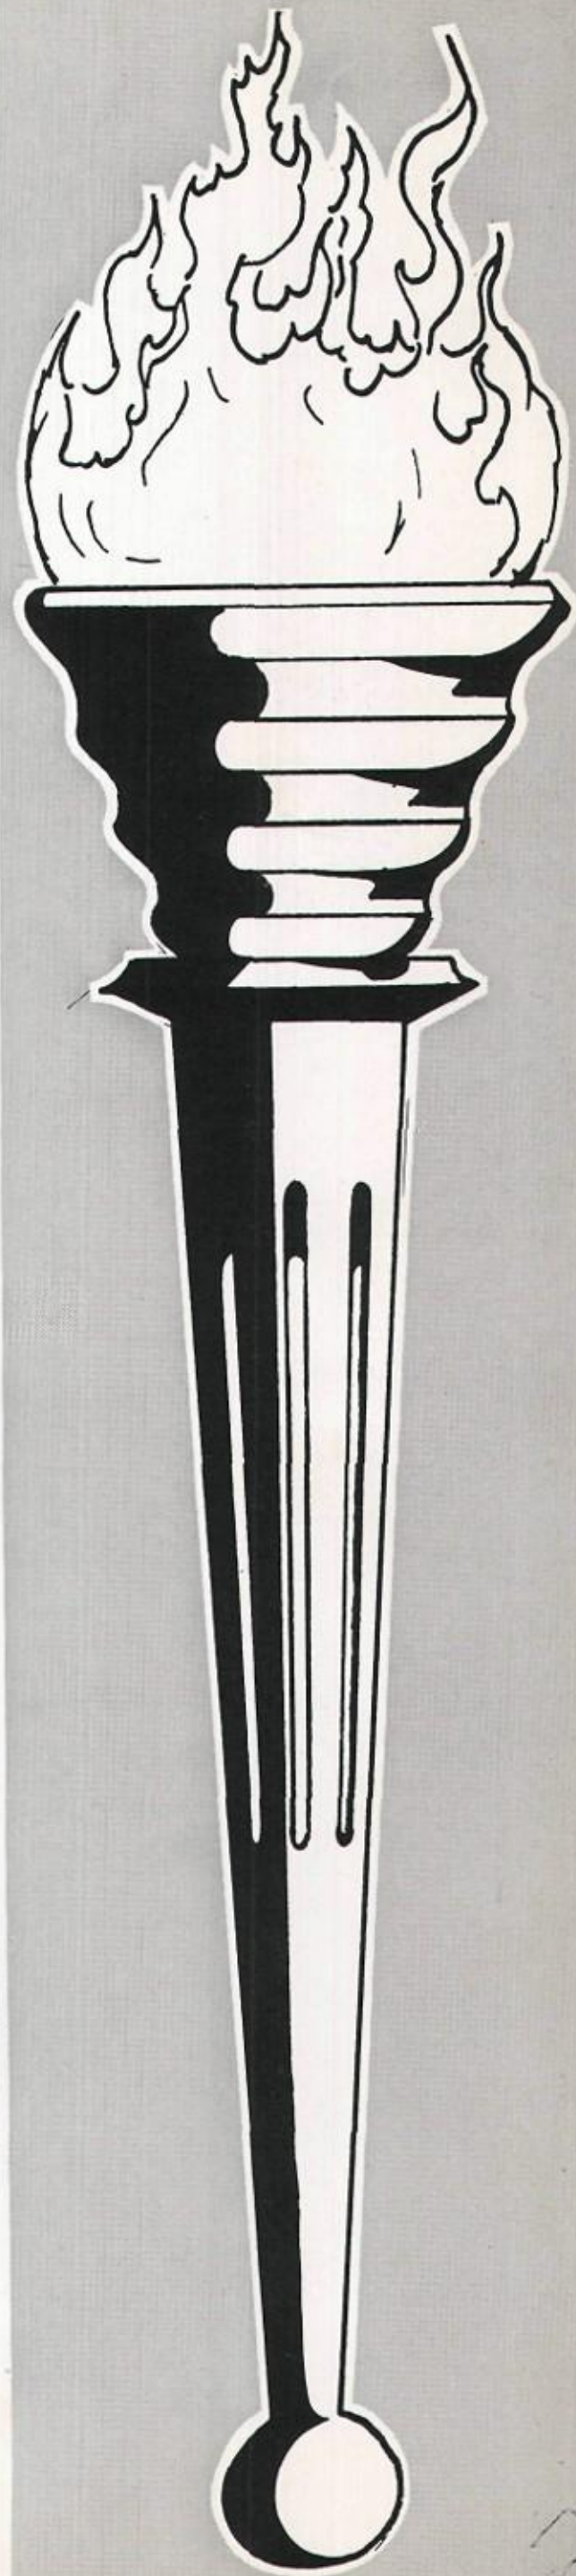

THE SPIRITED EIGHT - Elise Weatherly, Freshman; Brenda Ferguson, Junior; Sherrie Weatherly, Senior; Diane Dallas, Freshman; Linda Kenny, Junior; Betty Alice Williams, Senior; Sandra Wages, Sophomore; Debra Simms, Sophomore.

Selected by the University of Mississippi cheerleaders on the basis of ability, intellect, and personality, the routines of our "Spirited Eight", were performed with precision.

These boosters, headed by captain Betty Alice Williams, channeled, prodded, and induced spirit among the Warrior fans. They attended the Ole Miss Cheerleader Clinic during the summer. The result was evidenced at the games and pep rallies held on the Warrior Field.

Homecoming

The crowning of Cindy Feyen as Homecoming Queen by Superintendent Edd Connor climaxed the Homecoming festivities

The Homecoming Court smiles for a picture after the coronation ceremonies.

Filled with fun, excitement, and color, Homecoming 1965 was one of the highlights of the year for the students and graduates of Pontotoc High School. Class enthusiasm was aroused as class sponsored floats paraded downtown Friday afternoon.

Sleek convertibles brought the Homecoming court on to the field before the game. At half time the Homecoming festivities were climaxed with the crowning of Cindy Feyen as Homecoming Queen. All Warrior fans were happy as the Warriors edged over New Albany 14-13. Terminating the events was a dance in the Community House with music furnished by the "Ludwons".

"Wish hard, Flory - he's a cadet

Sighs of relief create quite a breeze as the proud cast takes a breather.

While Flory feels that flattery is the fastest way to a man's heart, Millie resorts to a livelier type of diversion.

Play Is Highlight of Senior Year

"I've seen hundreds of brides, but you're still the prettiest. "

The entire cast is all smiles after a successful job.

The friends of the Porter family chat before the first act.

Highlights of Activities

Excitement runs high as Warriors and Warrior fans anxiously await the presentation of awards.

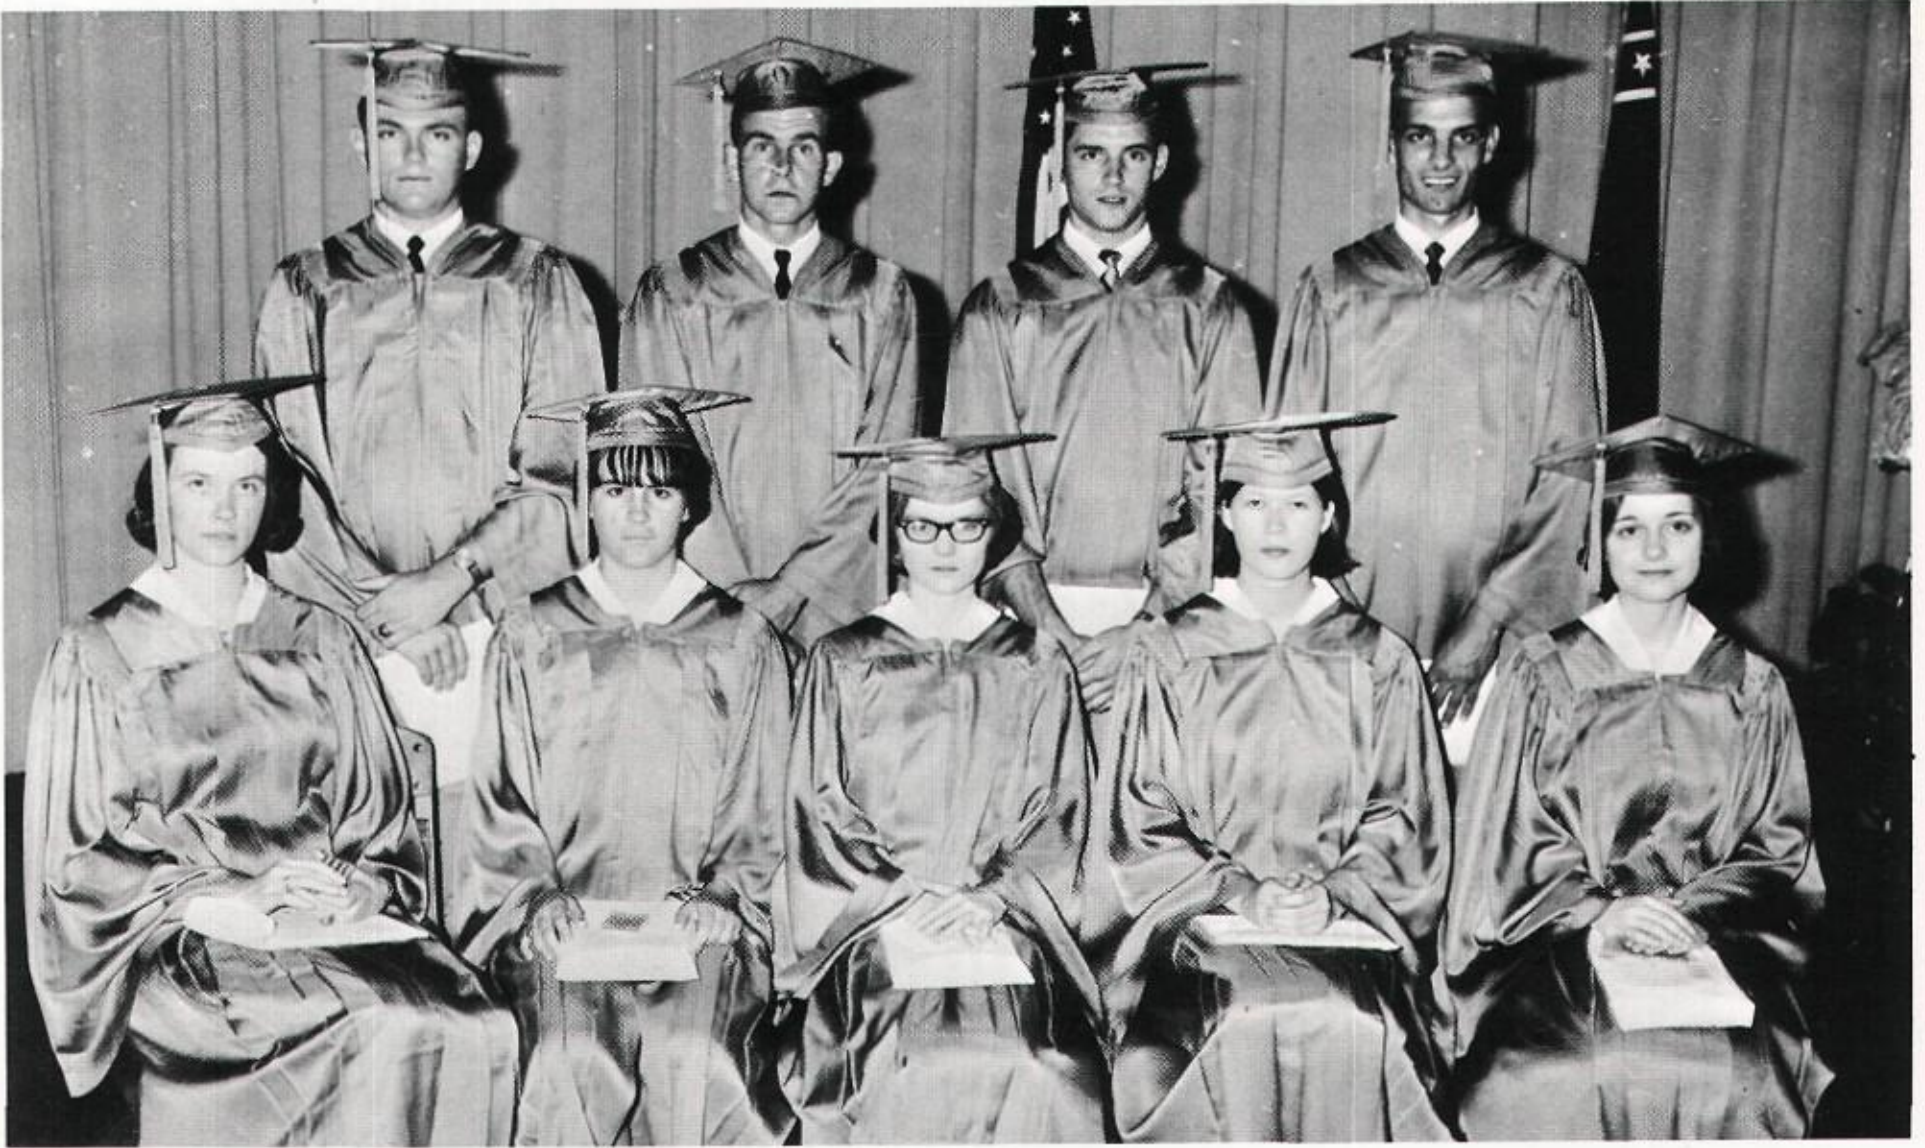

Latin students enjoy their banquet in a Roman setting.

Gail Howell and Gloria Cummings demonstrate their prize-winning Science Fair project.

Mr. and Miss Pontotoc High School

Miss PHS

President of the Future Homemakers of America and Senior Favorite are some of the honors that have been bestowed upon this capable student. The warm smile she has for all makes SHELIA CRANE a favorite.

Mr. PHS

President of Hi-Y and Most Athletic are some of his many accomplishments. His vivacious personality has made DANNY HOOKER worthy of the honor of being Mr. Pontotoc High School.

"Where in the World But America" opens the Sixth Grade Promotion Exercises.

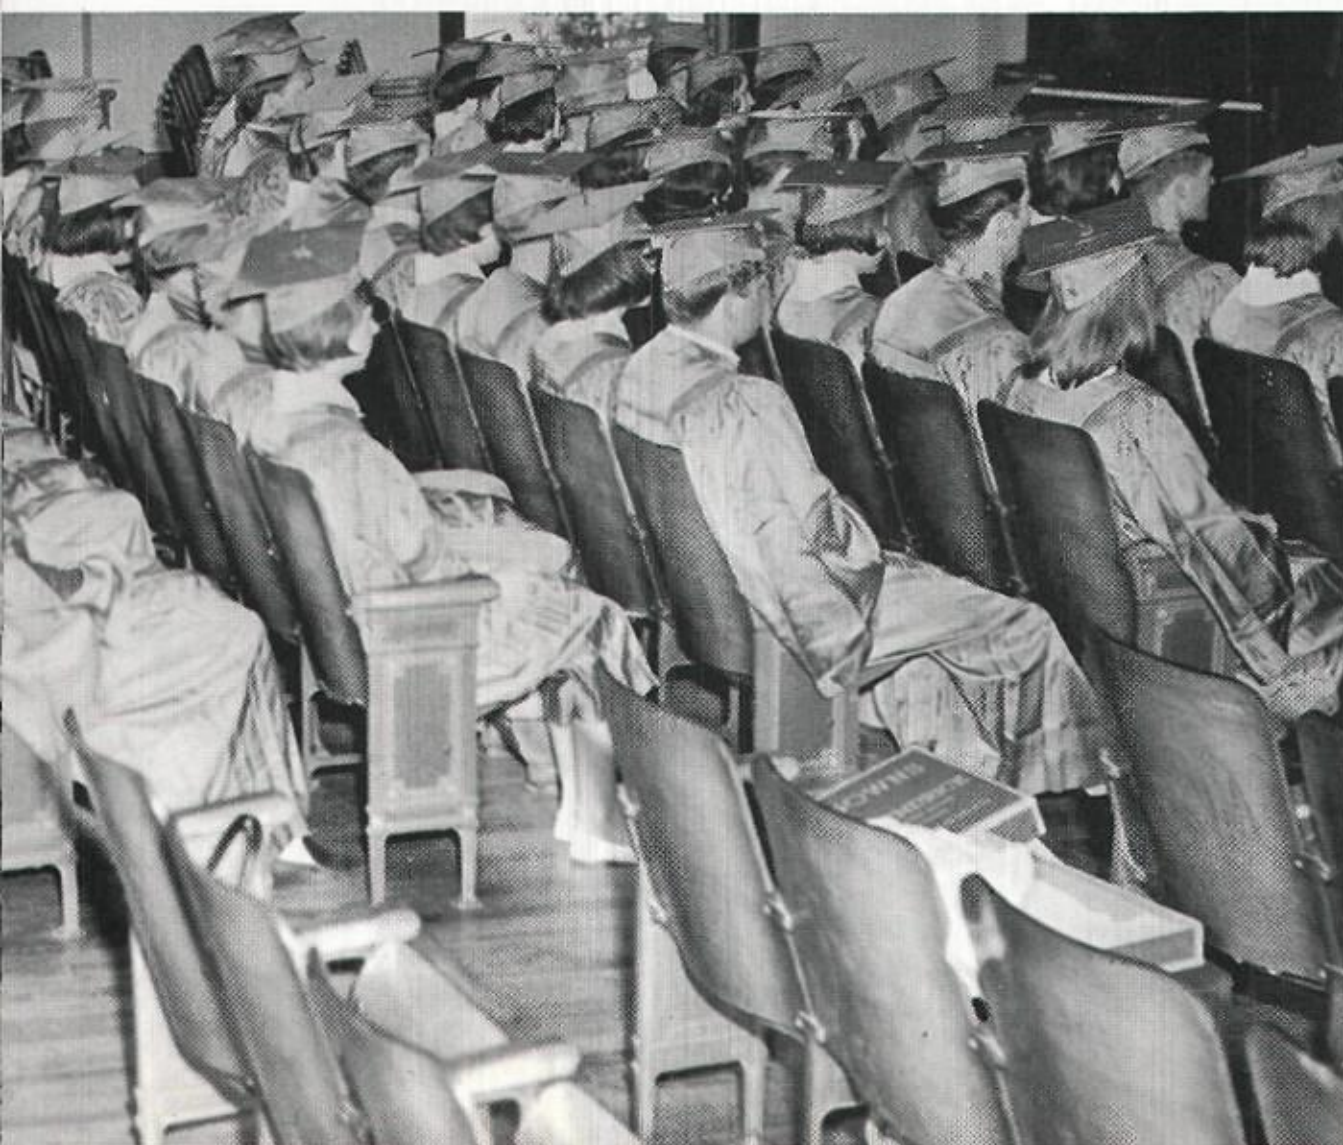

Graduation Heralds

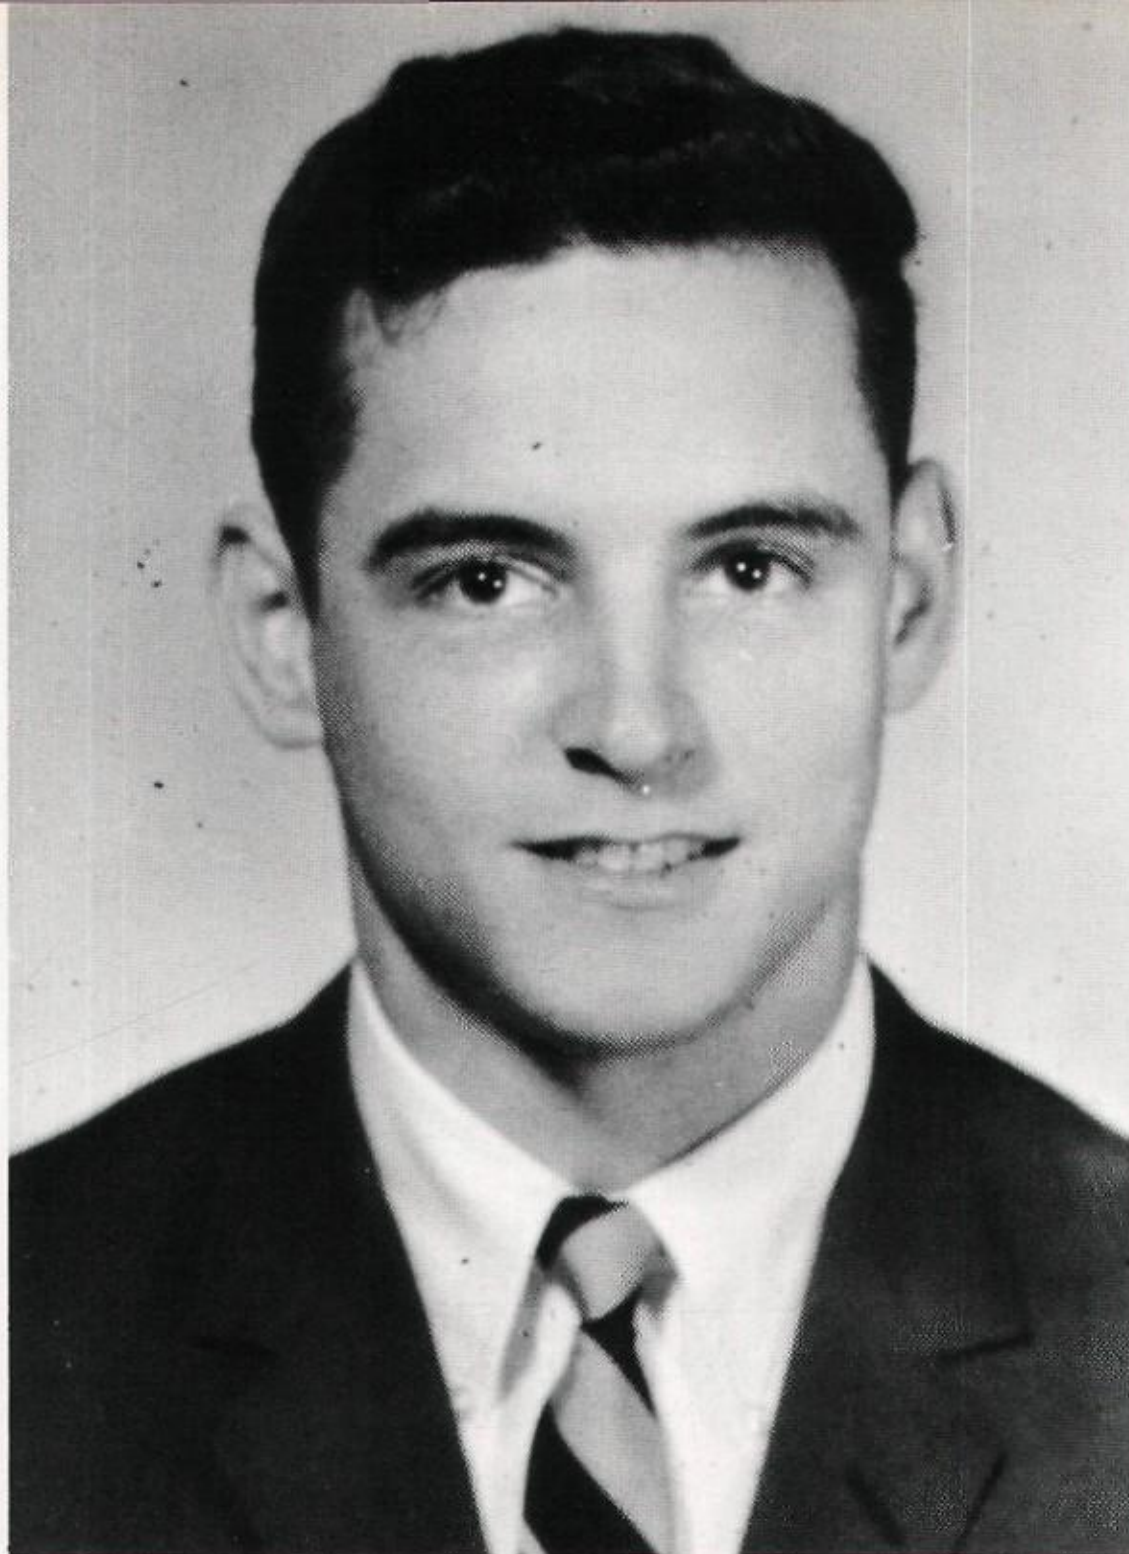

Whether it is the Sixth Grade Promotion or the Senior Commencement, graduation exercises climax the end of one phase of school and herald the beginning of another. Joy and sadness intermingled is the one factor familiar to all graduates. Senior privileges and parties help to make the occasion a joyous one while memories make leaving difficult.

Climax of School

Hall of Fame

Perseverance against all odds, intelligence far above the average, leadership ability in any group, a sterling character that shines forth under all circumstances, and a personality that makes him loved by all would make Gene Owen a candidate for any high school's Hall of Fame. It is with pride that our school claims this fine young man as a member of its Hall of Fame.

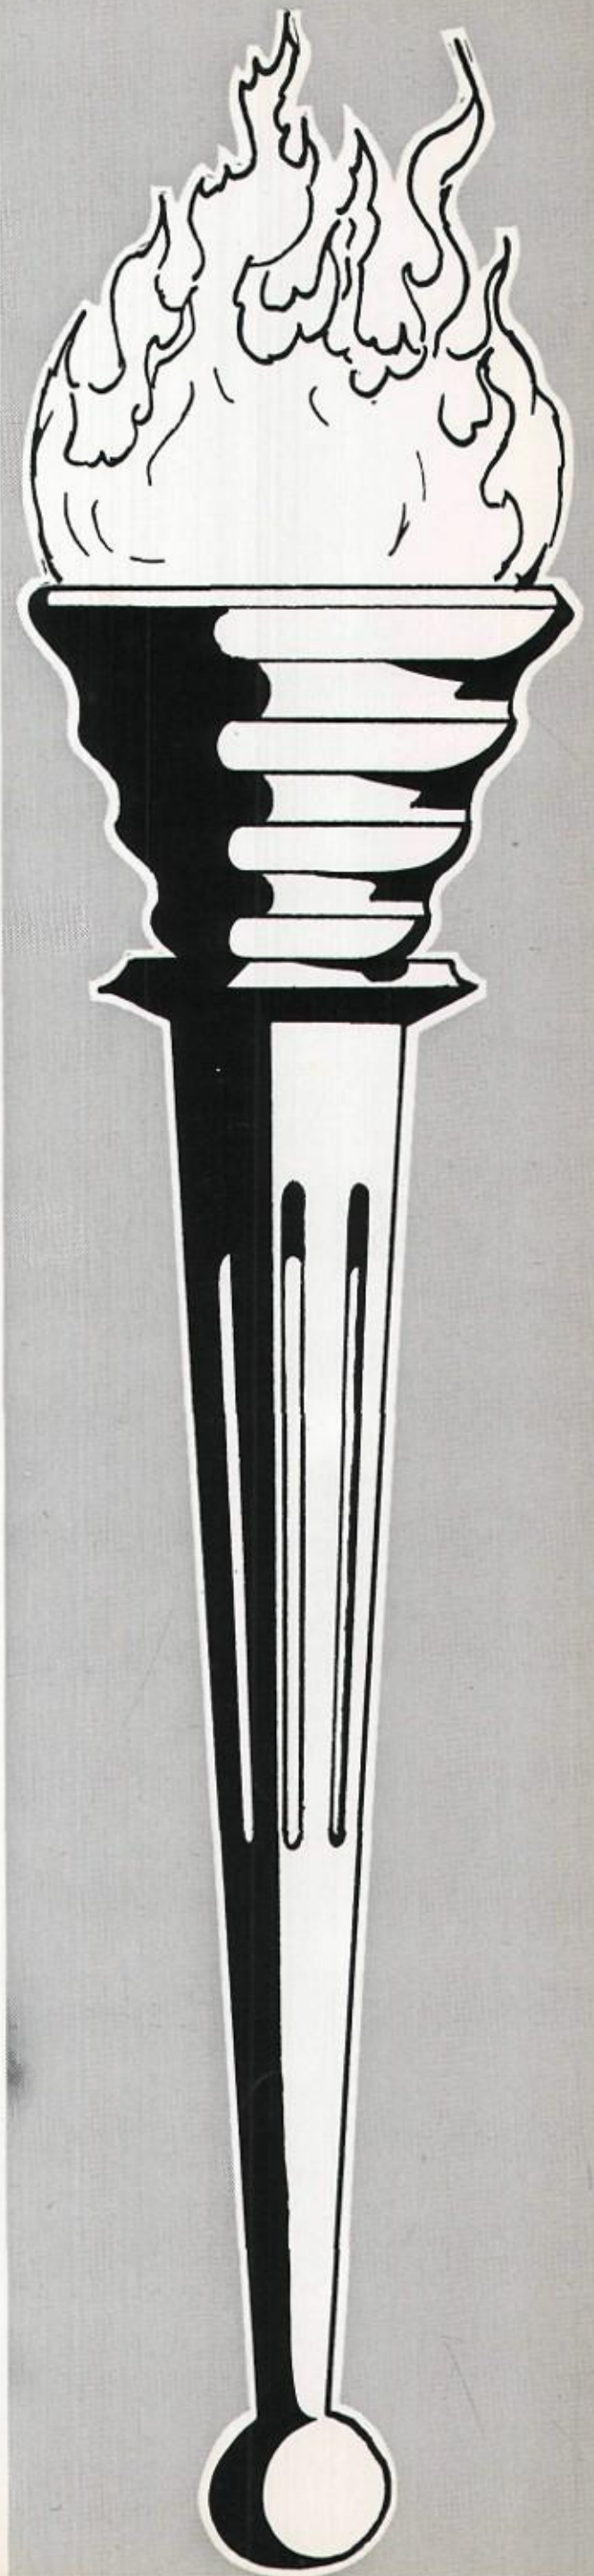

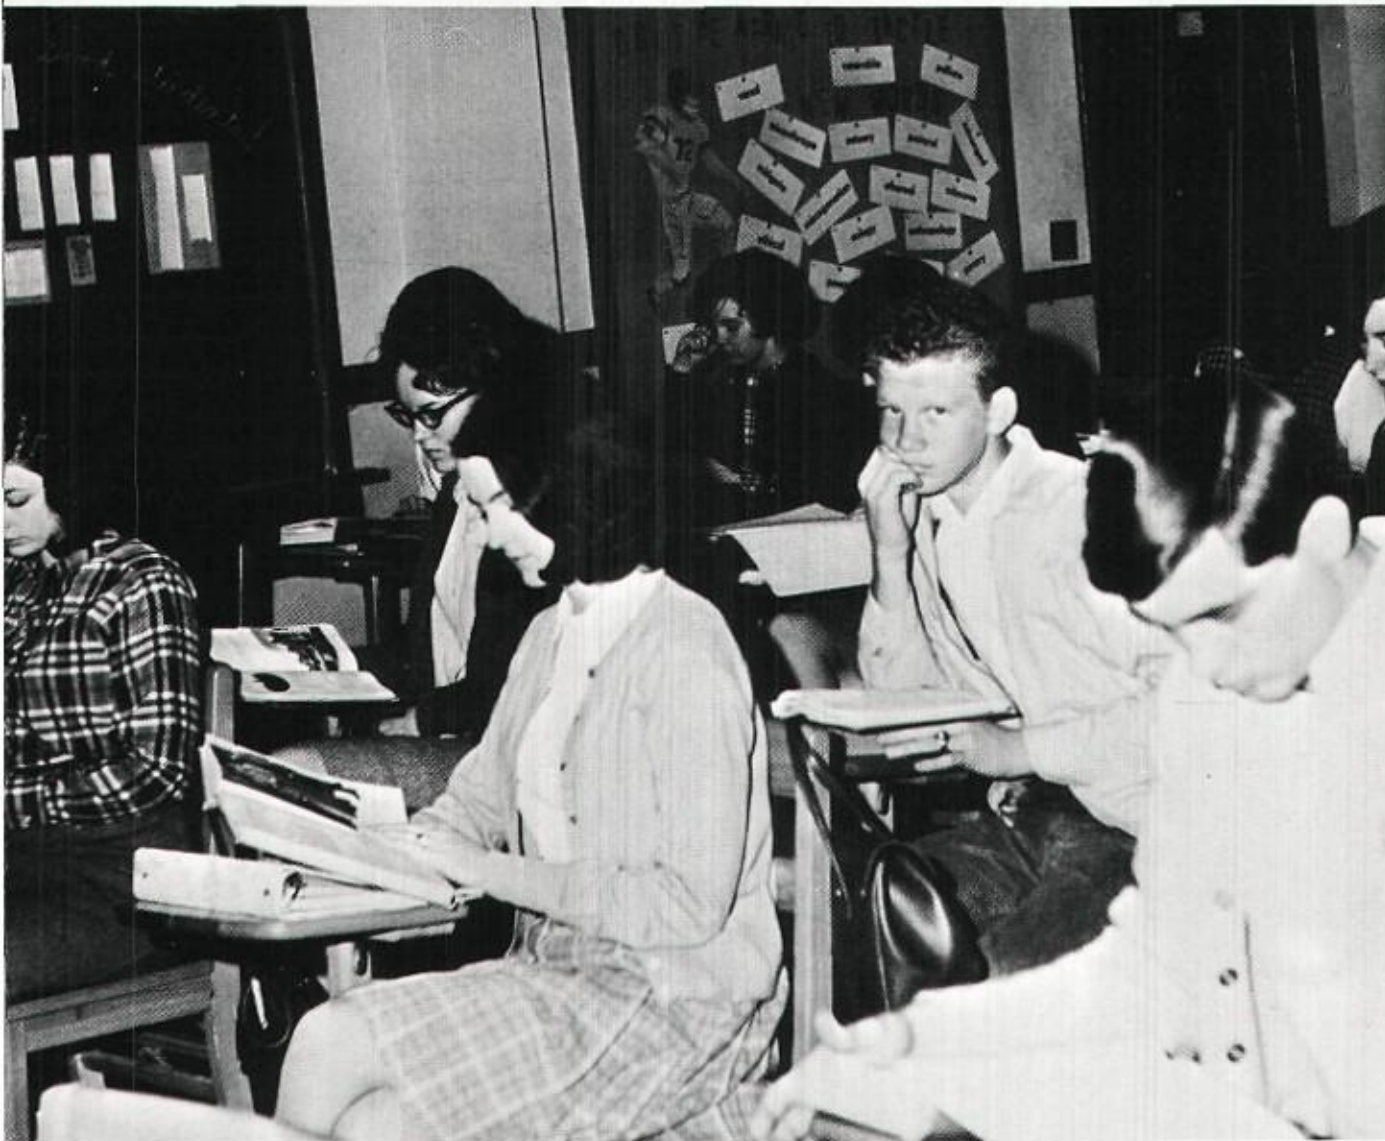

In scholarship he ranks number two in a class of seventy-six. His leadership ability has been evident as he served as vice-president and president of the Student body. Gene was chosen to represent his school at State Student Council Meetings, Beta Convention, and at American Legion Boys' State.

Demonstrating his versatility Gene was selected as a representative on the All Little Ten Football Team and placed in the district and state track meets.

Gene's outstanding characteristic is his ability to associate with persons of all ages and make them glad to have him as a friend. His genuine friendship ignites in each person he meets the desire to know him better.

As Gene demonstrates in life the good qualities he has developed in school we will be happy that he was a member of our student body and our Hall of Fame.

Elementary

ELEMENTARY . . . broaden their world . . learn to read and write . . make new friends . . delve into science and mathematics . . and are always enthusiastic and exuberant.

We

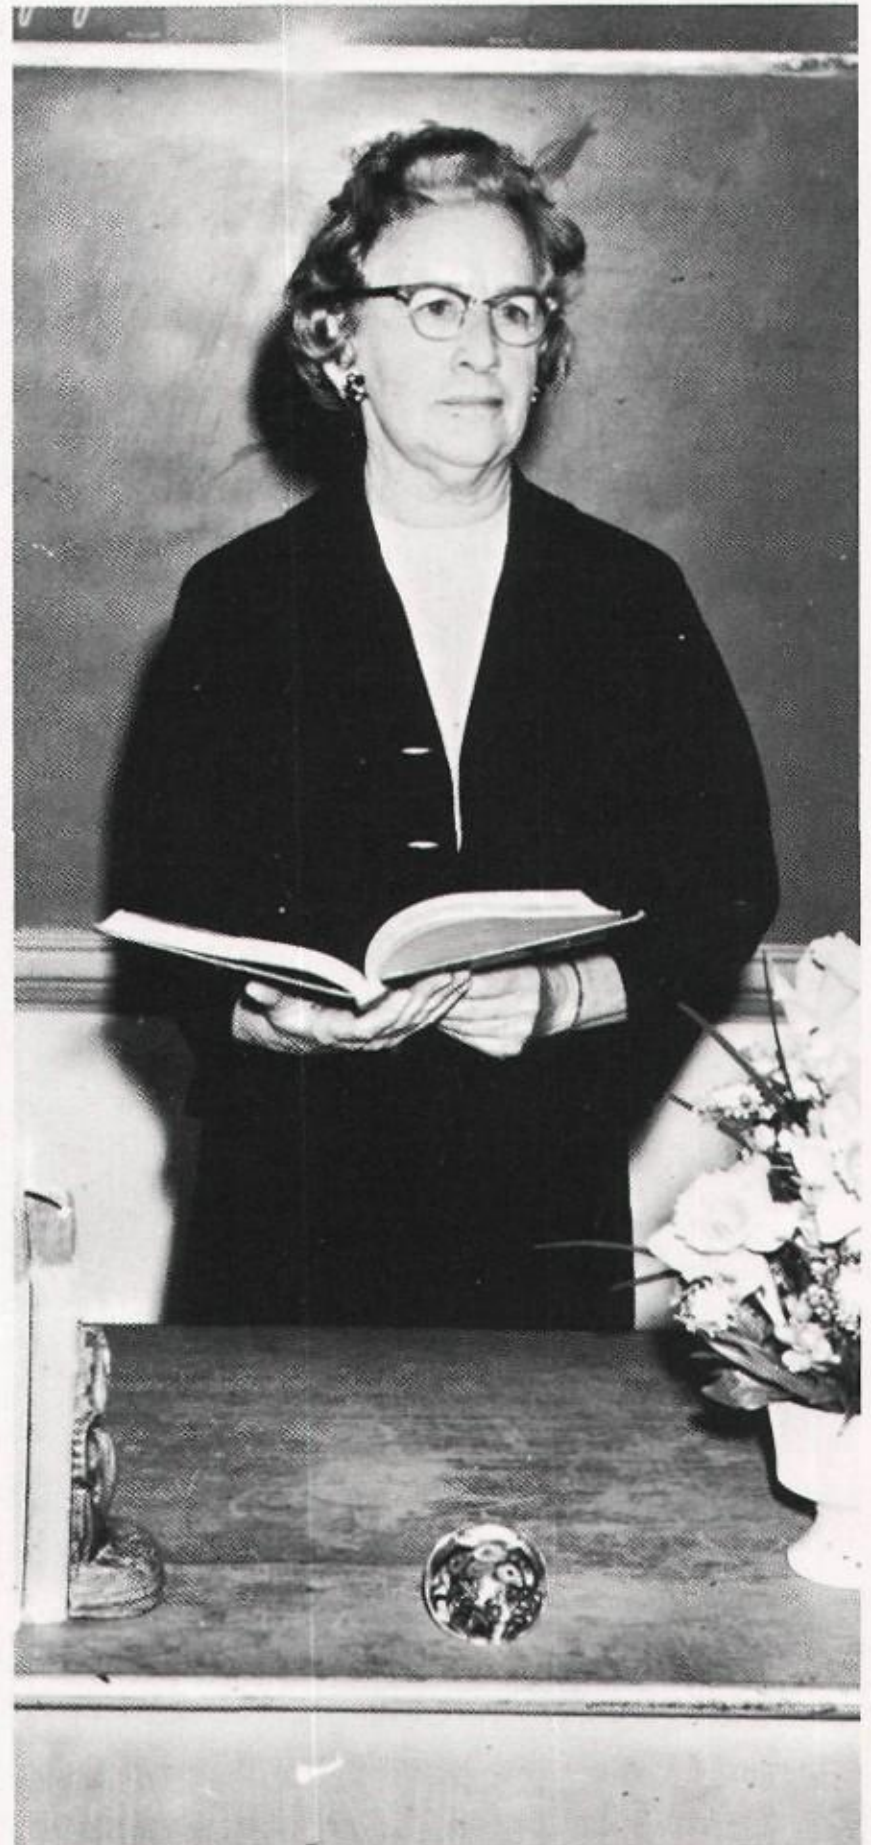

Honor . . .

. . . a person of stature, ability, and dedication to her students. . . one who possesses the rare gift of knowing how to mix firmness with kindness, thoroughness with fairness, and expectation with understanding.

The faculty and student body salute a teacher of integrity, honor, and lofty principles, which are reflected in her calm, friendly manner.

She has unselfishly devoted herself to the training and molding of youth.

We extend best wishes to Miss Ruby Ferrell upon her retirement after forty-two years of service to our school. May the years ahead be as rewarding as the years past.

We use Dial. Don't you wish everybody did?

Two's company.

Hee-hee and look at this one

Mr. Clean, he's mean.

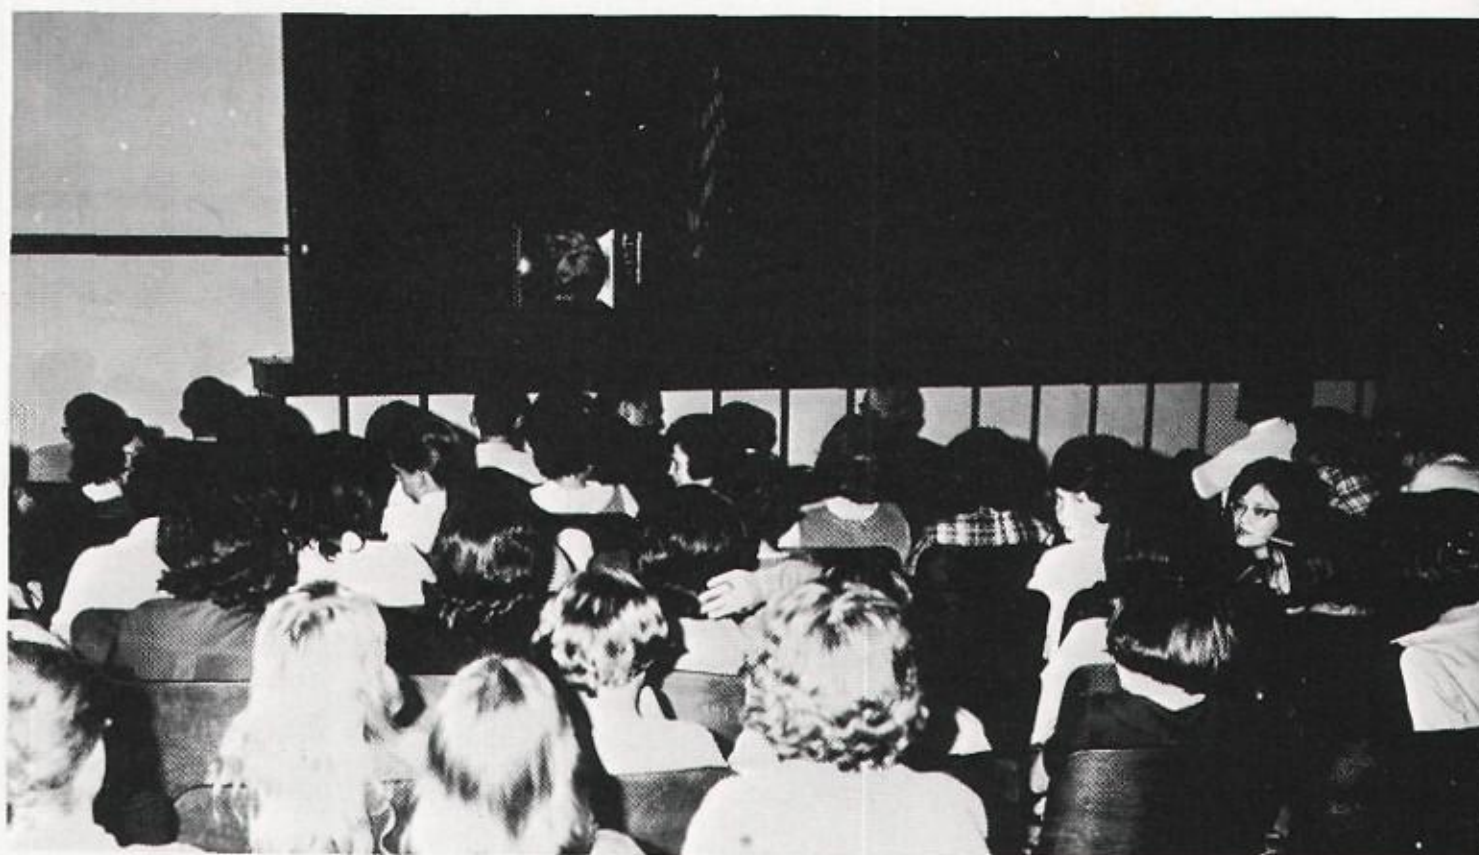

No matter what shape
your stomach's in.

Will the real Batman please take off his cape.

That's for me
to know and
for you to find
out.

If school gets much harder I think I'll quit.

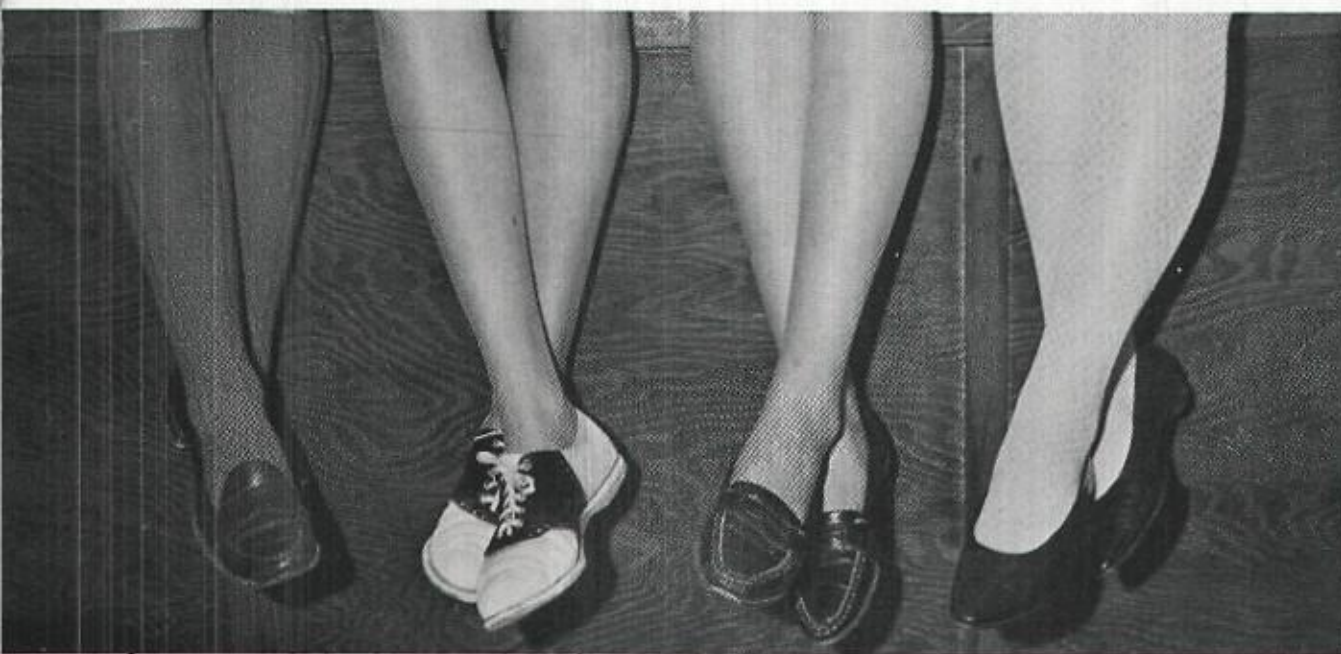

The hurrier I go the behinder I get.

Just for Fun

We'd rather fight than switch!

Octopus or insect?

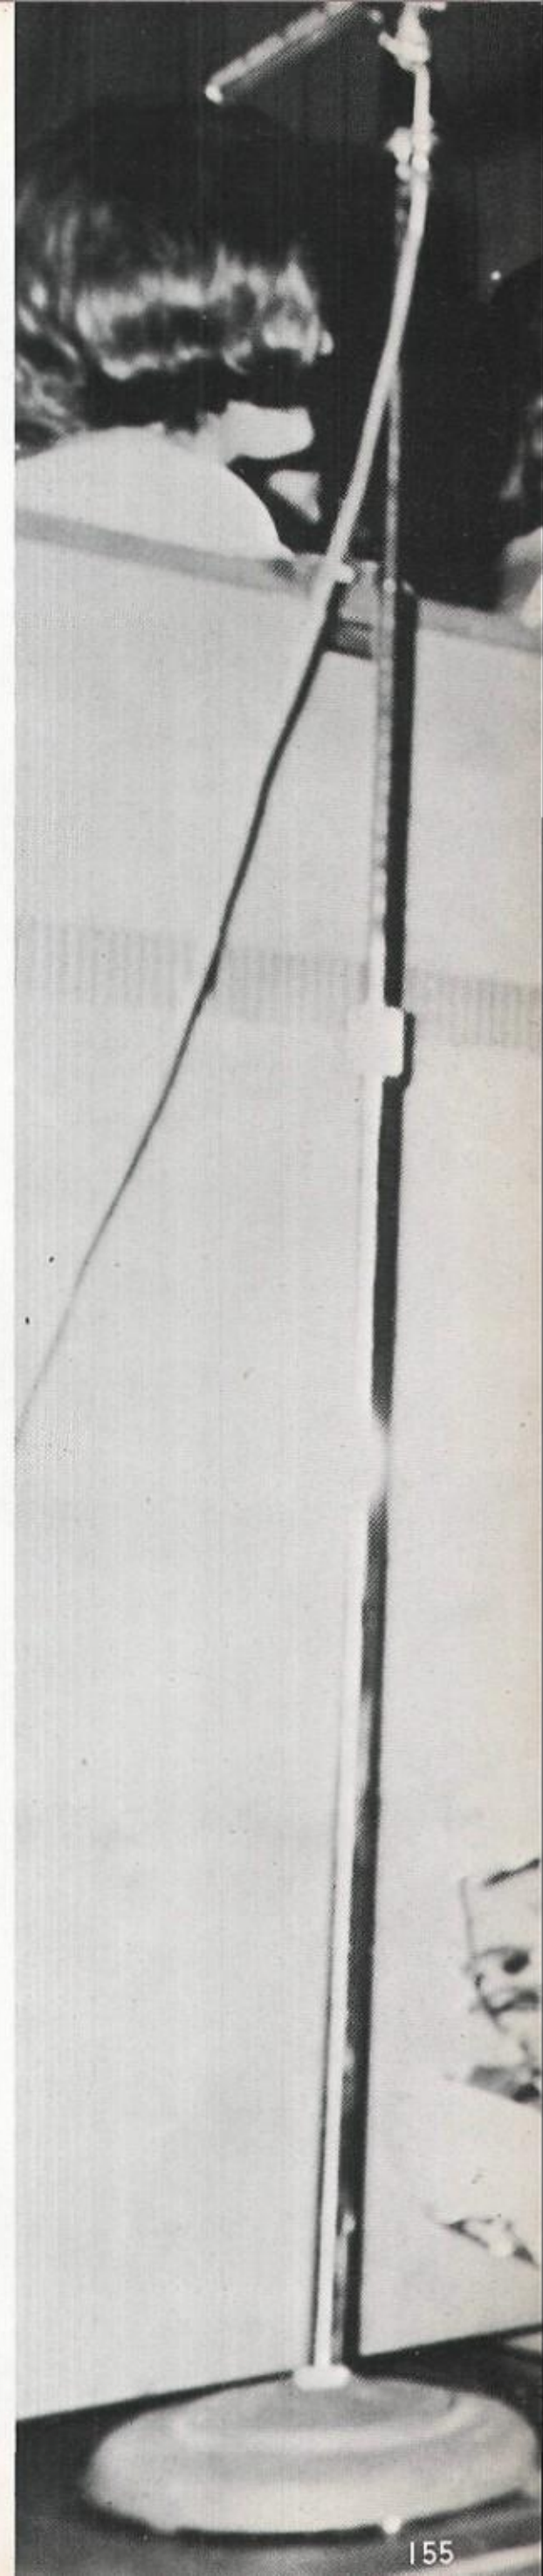

"She'll be coming 'round the mountain when....."

Elementary school is such a
drag. I can't wait 'til I'm
a Senior!

This one's funnier - it goes
like this.

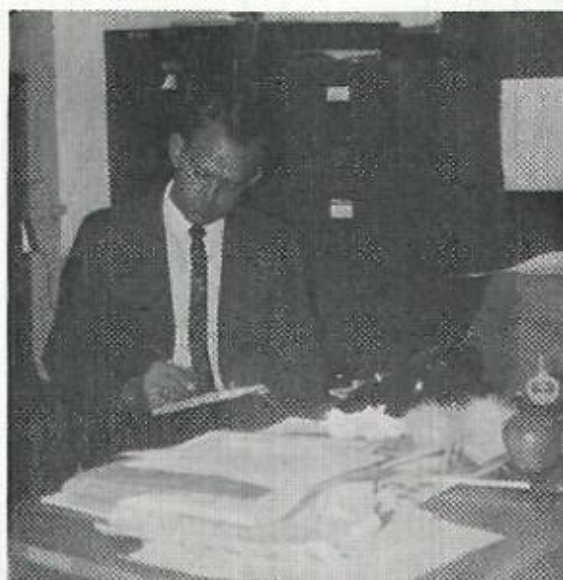

Sorry about that, Chief.

Activities

Tennis anyone?

Dear Diary.....

Tim Tutor and his Tijuana Brass.

Tweet, Tweet.

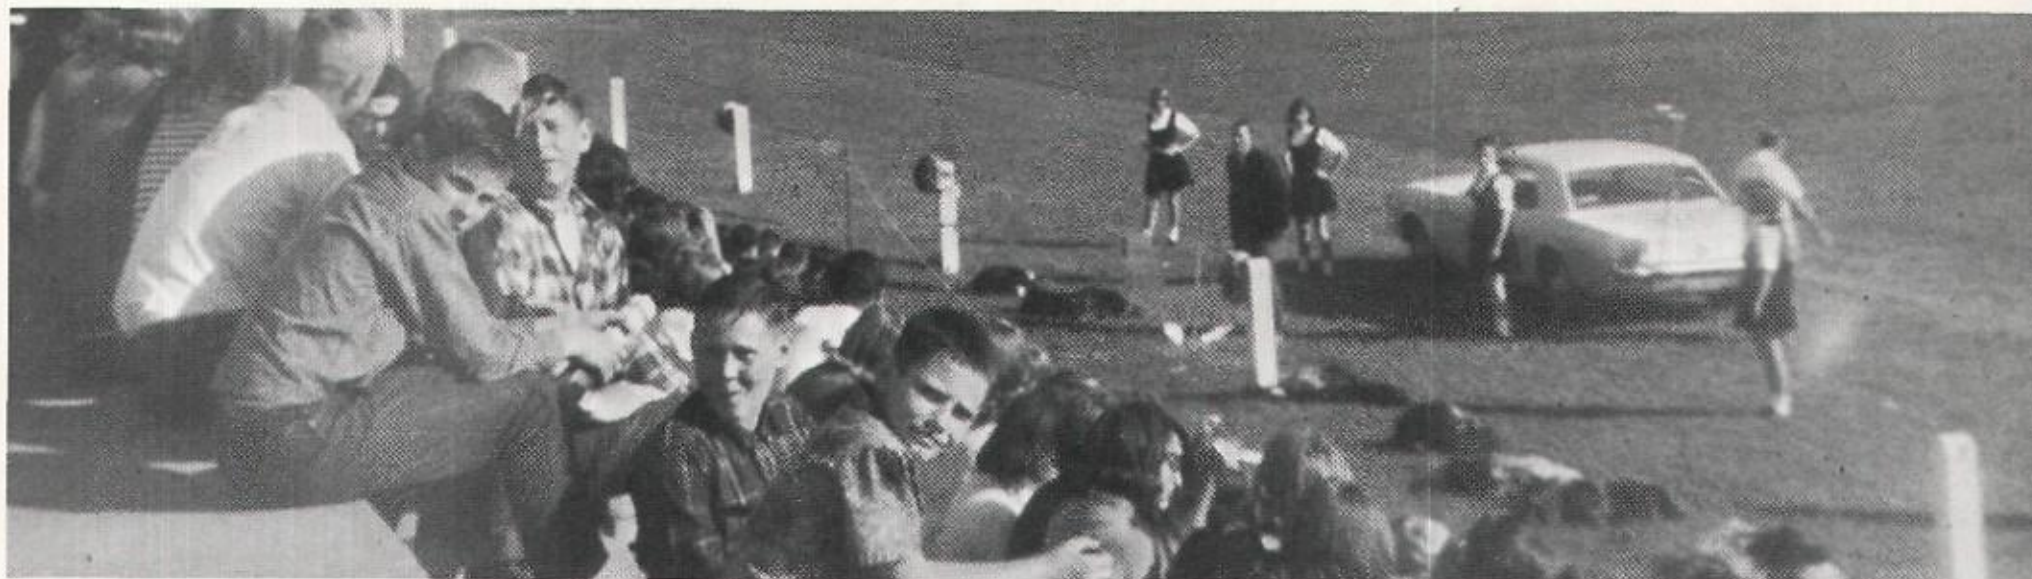

Pay attention to the music, Mike. They'll take pictures later.

It looks good enough to eat.

Where the action is.

Kids, please don't look at the camera while I'm trying to take pictures of the pep rally. Please?!

It's a bird, it's a plane, -
No, it's Skinny Kenney.

A tiskit a tasket.
